

## BioFire Diagnostics, LLC Research Associate 1

### Full Time Employment

BioFire Diagnostics, LLC is currently seeking a full-time Research Associate 1. This position is part of a team working on a variety of laboratory procedures involving real-time PCR using established methods and techniques under general guidance. This person works closely with research associates in the research lab. Performs general lab duties, designs and conducts experiments, collects and analyzed data and keeps an accurate record of all work done in accordance with the quality system. Requires some problem-solving skills. Normally receives general instructions on routine work, detailed instruction on new assignments. Reports to the Lab Supervisor or a Scientist

Qualifications include a Bachelor's degree in a scientific discipline or equivalent and demonstrated working knowledge of scientific principles. Basic knowledge of Microsoft Excel and Word also demonstrating skills in basic laboratory technician practices (pipetting, materials handling, contamination control).

To Whom It May Concern:

My name is Erin Wilson. Thank you for the opportunity to apply for the open Research Associate position at BioFire Diagnostics, LLC. After reviewing the job description, I am confident that I have the ability to perform all the responsibilities associated with the position.

I am a senior at Mississippi State University with a double major in Biochemistry/Molecular Biology and Microbiology. My GPA is currently a 3.68/4.00, and I have laboratory experience in both employment and academic settings. I currently work as an undergraduate researcher in the Department of Plant and Soil Sciences at Mississippi State University, where I have practiced basic laboratory technician activities, including real-time PCR. During past research positions, I have learned to design, conduct, document, and present experiments.

After reviewing my resume, I hope you will agree that I am a competitive applicant for this position, and I look forward to meeting with you to discuss how my skills and abilities can contribute to your organization. Please contact me at 601-506-2128 or eewilson95@gmail.com to arrange a convenient meeting time.

Thank you for your consideration. I look forward to hearing from you soon.

Erin Wilson
